MY BEIGE IS ON FIRE!

My beige is on fire! Lo studio di un colore come punto di partenza, il beige. Caldo e naturale, interpretato attraverso una pietra in otto diverse finiture e in sette formati. Una raccolta di elementi studiati appositamente per essere abbinati tra loro, per dare movimento alle superfici rimanendo in un contesto contemporaneo. Assume interpretazioni diverse: lucida, naturale, bocciardata, incisa, anticata, strutturata, Superclassica raccoglie tutto questo e molto altro. Peggy in 60x120 con finitura lucida, e due decori da rivestimento, in 15x15 e in 10x40, in bianco e verde, quest'ultimo super brillante che all'interno della collezione crea il binomio naturale-artificiale perfetto. Superclassica diviene cosí un ventaglio di possibilità, ideale sia per progetti residenziali che c ommerciali, interni ed esterni. Il classico non sbaglia mai, e il nostro è super.

My beige is on fire! The starting point was the study of the beige color. This warm and natural shade was interpreted through a stone look in eight finishes and seven sizes. Altogether, these elements were carefully designed to be mixed and matched with each other in a contemporary framework, while providing movement to the surfaces. It takes on different interpretations: polished, natural, bush-hammered, engraved, antiqued, structured - Superclassica brings together all these aspects and much more.The collection includes Peggy – a 60x120cm 24"x48" tile with a glossy finish - and two wall decors presented in two sizes – 15x15cm 6"x6" and 10x40cm 4"x16"- and available in two colors: white and a super bright green, which provides a perfect natural-artificial balance to the whole collection. Superclassica thus became an array of opportunities, ideal for both residential and commercial spaces, indoor and outdoor projects. Classic never get wrong, and ours is super.
